Mentor Council: Sculpting Future Leaders at AIMR

@ AIMR, the **Mentor Council** is a transformative initiative designed to nurture not just managers, but confident and value driven leaders. Through a **multi-layered Mentor-Mentee system**, each faculty mentor supports 10 students, guiding them academically, emotionally, and professionally.

The Mentor Council is more than a support system—it's a **leadership lab**, preparing rural students to rise with courage, competence, and character.

Daily Mentor Meets (4:30 PM): Safe, open sessions for students to discuss challenges and receive personalized support.

Assembly Activities: Mentor groups take turns leading structured sessions, boosting public speaking, teamwork and discipline.

Sidhatva Events (Every 15 Days): Hands-on experience in organizing management events, fostering stage confidence, decision-making, and leadership.

Key Outcomes:

- Enhanced confidence and communication
- Strong mentor-student bonds
- Real-world leadership and event management skills
- A culture of discipline, teamwork, and personal growth

Editors : Dr. Vidya Swami
